

REMARKS

The foregoing claim amendments eliminate the multiple dependent format so as to avoid the concomitant surcharge therefor. Additional editorial amendments have also been effected as follows. Amended claim 7 corrects a typographical error that was included in the original PCT application, which error was pointed out by the International Searching Authority in Section VIII of the Written Opinion. Amended claim 9 corrects the language presented in the original PCT application to be consistent with the recitation of original claim 8, from which claim 9 depends. A typographical error has been corrected in claim 10.

Entry and consideration of this Preliminary Amendment are respectfully requested, and an examination in due course is earnestly solicited.

Please charge any additional fees due to our Deposit Account No. 19-4880.

Respectfully submitted,
